

We, "REXAM BEVERAGE CAN Naro-Fominsk" would like to reward the high quality design and installation works performed by "Sintec" within the frameworks of End Plant Project in Naro-Fominsk.

During the period from 12.2003 till 04.2004 specialists of "Sintec" had carried out the full range of works on 10/0.4 kV power supply of End Module with installed capacity 4.0 MVA. The equipment manufacturer was Schneider Electric.

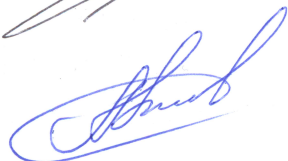

Professionalism of "Sintec" specialists deserves high appreciation, and quality of works executed in target dates conforms to the international and Russian standards.

We sincerely hope for our future cooperation.

Alexander Telenkov  
Electrical Supervisor

Anatoly Leluk  
Utility Supervisor

Gert Hellstrom  
Production Manager
